

Boulder Meeting of the Religious Society of Friends

1825 Upland Avenue

P.O. Box 4363

Boulder, Colorado 80306

October 12, 2014

Dear Friends,

Loving greetings from Friends at the Boulder Monthly Meeting of the Religious Society of Friends. We commend to your loving care Friend Paula Palmer who is a member of Boulder Monthly Meeting traveling on behalf of her ministry Toward Right Relationship.

Paula has served as convener of our Committee on Indigenous Peoples Concerns for many years. She also has served on Peace and Social Justice, Fellowship, and Nominating committees and as co-clerk of Ministry and Counsel and Adult Religious Education.

Paula's life has been informed and influenced by decades of living with and listening to native peoples throughout the Americas. Her work is guided in the Spirit-led pursuit of

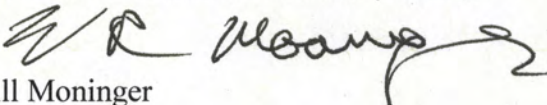

- Right relationship, in the place of continuing oppression of and government policies that harm the native peoples of this land which we all now call home;
- Healing, in the place of grievous suffering, aggression and the enduring wounds of conquest among ourselves and our neighbors; and
- Justice, in the place of inequality.

We honor her ministry with faith in the power of an active love to heal wounds of the past and create a more just future, with humility in seeking truth, and in recognition of Paula's leading and capacity to act in the power of love.

The Boulder Meeting supports Paula's ministry through a Spiritual Care Committee and management oversight of a special fund that receives donations for the project.

We hold Paula in our prayers and trust that God will richly bless your time together.

On behalf of Boulder Monthly Meeting,

Bill Moninger
Clerk
